Hey  
Let's get one thing straight  
I never asked you to promise me anything  
You made those by yourself  
Don't smile at me when they fall like glass and break

It's too late  
I don't want to hear you say that you're sorry again  
Glad I'm alone on our anniversary, go

Today  
I can stand up straight and I'm sane everyday we're  
apart  
Remember, you asked for one more chance  
That was the second to last time that you broke my  
heart

That's not fair  
And I want you to know  
That I just don't love you no more  
Glad I'm alone on our anniversary

You know I tried to get us together  
Admit that we're okay  
But I was just your sentimental fool

But as soon as you're gone  
I can start to do something for me  
I'm now selfish, I'm not crazy  
It's been a long road since I have loved you  
Been a long road since you  
Running back to me  
Running back to me  
Running back to me  
Yeah, running back to me

Just say that you're sorry again  
Glad I'm alone on our anniversary

You know I tried to get us together  
Admit that we're okay

But I was just your sentimental fool

Wednesday night  
Realized that you're impossible  
And I swear  
I know who I am without you
