I know
You know
That you're killing me tonight
You know (you know)
I know (I know)
What you're doing with that guy

I don't want to have this fight with you tonight, so
We'll say we'll just be friends
And play pretend for the rest of our lives

Hey, don't feel bad (hey, don't feel bad)
This kind of shit happens to me all the time
I'll just pretend (I'll just pretend)
That those were the best months of my life

Why did you have to be
So perfect for me
Say all those things I
Wanted to hear
Cause you're not here
And I am wishing I
Could have said oh, just one thing right
So you wouldn't have left
And drove home all alone at night

Hey, don't feel bad
This kind of shit happens to me all the time
I'll just pretend (I'll just pretend)
That those were the best months of my life

And I'll be hating this
This fucking mess
This fucking mess today
And realizing I can't drink my problems away
