Think of me when we're together
But you lie when we're apart
How could you ever do this to me
Stomped the love out of my heart

Sure it's hard to see you crying
But it doesn't change a thing
You hurt me, oh so bad
If you only could have seen

You brought me wilted flowers
Expect it to be okay
I'm getting rid of you today
I'm through with you (I'm through with you)
I could care less (I could care less)
I know it's hard
But it's for the best

So, the more I think about it
The more I know I shouldn't care
Gave you the best of me
Traded up for a blank stare

Now I'll say goodbye and
We'll go our separate ways
Just leave those thoughts alive
For all those better days

You brought me wilted flowers
Expect it to be okay
I'm getting rid of you today
I'm through with you (I'm through with you)
I could care less (I could care less)
I know it's hard
But it's for the best

You brought me wilted flowers
Expect it to be okay
I'm getting rid of you today
I'm through with you (I'm through with you)
I could care less (I could care less)

I know it's hard
But it's for the best
