I'm feeling right again
Feeling good again
There is no excuse again

Woah
Woah
Woah
Woah

Woah
Woah
Woah

Think I'll revisit junior prom today
'Cause every girl I meet still reminds me of you
These photographs were taken down
Two evictions ago

If I could have of told you
What was going through my mind that spring
Maybe these photos wouldn't be so weathered and torn
From being hastily packed away

Sweetheart you can do anything that you want to
Any excuse is reason enough
There is nothing left for you to hate there (you to hate there)

I'll carry you close
Just like I know you'd do for me
You've always had the will to get out

I always figured such a long sentence
Would give me enough time to fathom what went wrong
All I ever needed was to ask Ray
He always had a way with words

I remember it like it was here
In my new hometown
He always looked down on me and said

"Mikey you're wasting your time here
Lose the girl and keep a good concept of your friends"

Sweetheart you can do anything that you want to
Any excuse is reason enough
There is nothing left for you to hate there (you to hate there)

I'll carry you close
Just like I know you'd do for me
You've always had the will to get out

I'm feeling right again
Feeling good again
There is no excuse again
I, I am not bothering you
This is so hard to do
With you I always seem to lose

Losing friendship
Losing giving a shit
Losing touch I have to find it

I have always wanted her
But now I'm not so sure
That she is that special girl

I finally kissed her
And now she seems so distant to me
I always wonder
What the hell she thinks of me
Thinks of me
Thinks of me
Thinks of me
She thinks of me
