Friend

You've been set upon, misled  
She lied to you when she said  
You were her favorite boy  
She could ignore  
Now you're hung up on the girl she was before  
She's not the same

I don't know what happened  
Maybe she woke up one day and needed a change  
She don't know who she is  
She could surely put you in the grave  
The girl always gets her way

So friend  
Take the loss  
She's changed so much you'd better change your locks  
She only picked you up  
To throw you down  
She's a friend you're so much better off without  
She's not the same

I don't know what happened  
Maybe she woke up one day and needed a change  
She don't know who she is  
She could surely put you in the grave

I recall a time when I was good inside  
Just fine, yeah  
Trust and hope had not yet been choked  
Handed over to my lover's care

Trust and hope had not yet been choked  
Handed over to my lover

Trust and hope had not yet been choked  
Handed over to my lover's care

You'll always have a second chance  
You'll always have a second chance  
You'll always have a second chance

You'll always have a second chance  
To ruin everything  
To ruin everything  
Go
