There is a girl she is brand new  
So shiny vinyl-y  
So finally we knew what to do  
And she is toxic what I hear  
And just like plasticine  
I want to squish her

Because she's perfect  
She's plastic  
Perfectly plastic  
Everybody wants to kiss her  
Perfect plastic lips  
She said to get away  
But I can't give her the slip

It makes me wonder if this world is plastic  
A-woah-woah you're really artificial  
It makes me wonder if this world is plastic  
A-woah-woah you're really artificial  
It makes me wonder if you might think  
That I may be artificial myself  
It makes me wonder if this world is plastic  
A-woah-woah you're really artificial  
It's officially official

You know that girl she's out of touch  
So squeaky, freaky, and I'm thinking  
That she may be too much  
And she's a genius did you know?  
And yeah, I'm sure she really cares about you

Because she's perfect  
She's plastic  
Perfectly plastic  
Everybody wants to kiss her  
Perfect plastic lips  
She said to get away  
But I can't give her the slip

It makes me wonder if this world is plastic  
A-woah-woah you're really artificial

It makes me wonder if this world is plastic  
A-woah-woah you're really artificial  
It makes me wonder if you might think  
That I may be artificial myself  
It makes me wonder if this world is plastic  
A-woah-woah you're really artificial

It makes me wonder if this world is plastic  
A-woah-woah you're really artificial  
It makes me wonder if this world is plastic  
A-woah-woah you're really artificial  
It makes me wonder if you might think  
That I may be artificial myself  
It makes me wonder if this world is plastic  
A-woah-woah you're really artificial  
It's officially official  
Kiss those plastic lips
