You wanted out
You've got it now
It was all on the line last night
You're doomed to be immortalized
Another burning photograph between the lines

She said
"I'm coming around"
But, that's the furthest thing from my mind
She said
"It's just a matter of, it's just a matter of time"

You can push all you want
Make it so I don't understand
While you mean nothing to me
You're twisting the knife
Twisting the knife one last time

You said it all when you said goodbye
Now it's good to see you at your worst
I'll never be totally fine
Does it make you feel good to say it?

First she said
"I'm coming around"
But, that's the furthest thing from my mind (from my
mind)
She said
"It's just a matter of, it's just a matter of time"

You can push all you want
Make it so I don't understand
While you mean nothing to me
You're twisting the knife
Twisting the knife one last time

You can push all you want
Make it so I don't understand
While you mean nothing to me
You twisted the knife
Twisted the knife one last time
