If you think I'm lost without you
Well, you might have been right a month ago
Cause I was in love from the get go

But until now, now I see
The plastic way you thought of me
Someone to tell those secrets you could let go
Then you let go (go)

You don't have to waste your time
You don't have to change your mind
Without you, I'll be just fine
But, if there's room for two
Rather waste my time with you
Without us, not much for me to do

And I'll try hard not to tell you
All the things you did to put me down
Were you my friend when I wasn't around?
So take those lies and shove it
It's time we rise above it
Then she let go (go)

You don't have to waste your time
You don't have to change your mind
Without you, I'll be just fine
But, if there's room for two
Rather waste my time with you
Without us, not much for me to do

Yeah

You and me had so much potential
Come on in
This torrential rain is coming down
Scared that I might drown and wash away

You don't have to waste your time
You don't have to change your mind
Without you, I'll be just fine
But, if there's room for two

Rather waste my time with you
Without us, not much for me to do
For me to do
For me to do
