By now I should know  
Just what to say  
In the midst of fading away  
My lips are sealed shut  
It's like I just don't care  
If she understands anyway

Lost my sense of direction (direction)  
When I lost the will to keep my head up  
How can I say  
How can I tell you anything?

I need someone more than something  
Reminding me that I belong  
I'm stuck in a rut all I want  
Is to feel good enough  
To write a stupid love song

By now I should know  
Just what to say  
In the midst of fading away  
I think I'm burned out  
And from here on out  
I won't be pushed around

Lost my sense of direction (direction)  
When I lost the will to keep my head up  
How can I say  
How can I tell you anything?

I need someone more than something  
Reminding me that I belong  
I'm stuck in a rut all I want  
Is to feel good enough  
To write a stupid love song
