I wish I had the power  
To save you from the hurt  
And end all your, pain  
But he's in control  
Even when it hurts the most  
Wipe away your tears  
But I know  
that with him on our side  
we will be, just fine

I'm feeling so powerless  
I can't do it on my own  
I think I'm gonna wait it out  
Wait it out  
Take control of my problem  
Make it a solution  
Wait it out  
Wait it out  
I'm gonna wait on you

When nobody is there, to answer  
And it seems everything has fallen  
I'm in need of your shelter [oh]  
I wanna be in your, arms  
Cuz I know that with you on my side  
I will be, just fine

I'm feeling so powerless  
I can't do it on my own  
I think I'm gonna wait it out  
Wait it out  
Take control of my problem  
Making my solution  
Wait it out  
Wait it out  
I'm gonna wait for you

When it seems like my backs against the wall  
I can escape, my misery [Yeah]  
I turn to you [Turn to you]  
To got me through

I need  
You....  
Oh.....  
Ho....

I think I'm gonna wait it out  
Wait it out  
Take control of my problem  
Make it a solution  
Wait it out  
Wait it out  
I'm gonna wait for you  
I'm gonna wait on you
