All hands in the air, feel love everywhere
Oh, oh, oh, oh
Feeling so close to the sky, this is our heaven tonight
Oh, oh, oh, oh

Pre-Chorus

We've been down the darkest road, ever could be
Now we're shining in the light that set us free, yeah
There's no other place that we should be tonight,
tonight

Chorus:

We are one, Feel the love around tonight
Pass it on when â€¦
Open up your heart
Cause tonight, cause tonight, cause tonight
We are one

All I wanna do, is just be here with you
Oh, oh, oh, oh
And we're running from the doom and plague,
The daily race
It doesn't mater, no-oh

We've been down the darkest road, ever could be
Now we're shining in the light that set us free, yeah
There's no other place that we should be tonight,
tonight

Pre-Chorus

We've been down the darkest road, ever could be
Now we're shining in the light that set us free, yeah
There's no other á¹—lace that we should be tonight,
tonight

Chorus:

We are one, Feel the love around tonight
Pass it on when â€¦
Open up your heart
Cause tonight, cause tonight, cause tonight
We are one

We are one, Feel the love around tonight
Pass it on when â€¦
Open up your heart
Cause tonight, cause tonight, cause tonight
We are one, we are one, we are one
We are one, we are one, we are one
We are one, we are one, we are one

Feel the love around tonight
Pass it on when â€¦
Open up your heart
Cause tonight, cause tonight, cause tonight
We are one, feel the love around tonight
Pass it on when â€¦
Open up your heart
Cause tonight, cause tonight, cause tonight
We are one
