Consider the kindness of a stranger  
That passes by your way  
For there are ties that bind us  
Together, forever  
Touching the broken-hearted friend  
Brings healing to the soul within  
There's evidence everywhere  
Of His love, sweet love  
Chorus  
God is all around us  
Even when we feel were all alone  
I can hear Him whispering my name  
Telling me that Im His own  
God is all around us  
Even when we feel all hope is gone  
God is all around  
God is all around  
They're so many lessons yet to learn  
And I don't know where the road will turn  
He always finds a way  
To guide me, remind me  
That if I should fall into the night  
He will be there, a shining light  
For all the world to see  
With open arms for you and me  
Repeat Chorus  
God is all around (Hell hear your prayers)  
If you just reach out (Hes everywhere)  
God is everywhere  
God is all around us  
When you feel all alone  
Cant you hear Him whispering your name  
Telling you that you're His own  
For God is all around  
God is all around
