I remember the rain on the roof that morning  
And all the things that I wanted to say  
The angry words  
Came from nowhere without warning  
Stole the moment and sent me away  
And you standing there at the doorway crying  
And me wondering if I'd ever be back

I said I didn't come here to leave you  
I didn't come here to lose  
I didn't come here believing  
I would ever be away from you  
I didn't come here to find out  
There's a weakness in my faith  
I was brought here by the power of love (love)  
Love by grace

And I remember the road just went on forever  
Just couldn't seem to turn that car around  
Till in the distance like a long lost treasure  
A phone booth that just could not be found  
And you standing there at the doorway waiting  
And the moment when we laid back down  
I said I didn't come here to leave you  
I didn't come here to lose  
I didn't come here believing  
I would ever be away from you  
I didn't come here to find out  
There's a weakness in my faith

I was brought here by the power of love...

That was just a moment in time  
And one we'll never forget

One we can leave behind  
Cause when there was doubt  
You'll remember I said  
I didn't come here believing  
I would ever be away from you  
I didn't come here to find out

There's a weakness in my faith, yeah  
I was brought here by the power of love  
I was brought here by the power of love...  
Love by grace

La la la la... love by grace
