From the moment I met you
It was then that I realized
That you were the only one for me
You put a sparkle in my eye

Oh, how precious is my lady
One who takes away my fears
What a joy to love you with me
Can't imagine you not here
The lovely smile in your eyes
Letting me know that I'm alive
I've never felt the way I do
I'm in love with you

(Chorus)
Ooh, baby
You make my life complete
Oh, ooh my sweet baby
Thank you for lovin' me

Darin' can you remember
The first time I held your hand
It was then I knew forever

By your side I'd always stand
You've proven to be just what I need
No need to fear 'cause I'll never leave, no
When I'm with you I'm so amazed
How I love you

(Chorus)X2

Ooh Baby
It came from the heart
I said the words I do
I wanna spend the rest of my life with you
It took a while but it was about time
Unconditionally I wanna say

The lovely smile in your eyes
Letting me know that I'm alive

I've never felt the way I do
I'm in love with you

(Fade out with Chorus)
