Consider the kindness of a stranger
That passes by your way
For there are ties that bind us
Together, forever
Touching the broken-hearted friend
Brings healing to the soul within
There's evidence everywhere
Of His love, sweet love
Chorus:
God is all around us
Even when we feel were all alone
I can hear Him whispering my name
Telling me that Im His own
God is all around us
Even when we feel all hope is gone
God is all around
God is all around
They're so many lessons yet to learn
And I don't know where the road will turn
He always finds a way
To guide me, remind me
That if I should fall into the night
He will be there, a shining light
For all the world to see
With open arms for you and me
Chorus
God is all around (Hell hear your prayers)
If you just reach out (Hes everywhere)
God is everywhere
God is all around us
When you feel all alone
Cant you hear Him whispering your name
Telling you that you're His own
For God is all around
God is all around
