I feel alone, all alone.
She's the one for me, tell everybody.
She's the one I love, sent from above.
I feel alone, just like before.

Love everybody, love everybody
Kill everybody, kill everybody
I never wanted anyone before.
Now I know I'm wrong
Died one million times before
I'm wrong
I'm not all alone, but I'm on my own; we're love

But here we are
We're back at the start
And here we are
Tell everybody, tell everybody
I never needed, I never needed
Anybody every before
Now I know I'm wrong
I died one million times before
I'm wrong
I'm not all alone, but I'm on my own; we're love

But here we are
We're back at the start
And here we are
