

Today the Moon, Tomorrow the Sun "Work-shy"

Visit "[Work-shy](#)" on MotoLyrics.com

Opportunity floods me
Still I'm swimming towards air
I'm always safe on the surface
So certain I'm where I am
I need to be fighting for something
I need to be working towards
A partly retired solution
To keep me wanting more

It's not a matter of opinion
It's not a choice or position
I've second guessed and accepted
You're either certain or unaware

You try to push past the standards
But means of lie, cheat, and slander
Then return to the center
To make it feel much better
I need to be fighting for something
I need to be working towards
A slightly improved pollution
To keep me from wanting more

It's not a matter of opinion
It's not a choice or position
I've second guessed and accepted
You're either certain or unaware

Work-shy, you and I
We're work-shy

It's not a matter of opinion
It's not a choice or position
I've second guessed and accepted
You're either certain or unaware
