Who's my brother in Nashville, Tennessee?
Who's my sister in the village in Malawi?
Who's my lover in Washington DC?
Who's my neighbor, who's my loved one, who's my
friend?

We are all family, we are all family
We are all family, we are all family

If we're all under one Father that makes us all brothers
We are all family

Who's my brother in a different kind of turf?
She's my sister struggling with her work
She's my mother, gave me all at birth
Who's my neighbor, who's my loved one, who's my
friend?

We are all family, we are all family
We are all family, we are all family

If we're all under one Father that makes us all brothers
We are all family

Who's my neighbor, who's my loved one, who's my
friend?
Who's my neighbor, who's my loved one, who's my
friend?

We are all family, we are all family
We are all family, we are all family

You don't have to look like me for us to be brotherly
And you don't have to be like me for us to be family
You don't have to think like me for us to speak
intimately
Don't have to agree with me for us to be family

You don't have to live near me for us to be neighborly
You don't have to dress like me for us to be family
You don't have to speak like me to love each other, you
see

You don't have to be like me for us to be family, oh no

If we're all under one Father that makes us all brothers
