What good is money unless it brings  
That certain something  
For the girl who's got everything  
Here is an item you can't pass by  
Won't even cost you one thin dime  
I won't give up until you own me  
Lock me up and throw away the key  
Precious possession, your private property  
The price is right so won't you buy me  
For a song, you can have me, for a song

Just for a minute stand in my place  
You'll understand what I want you to say  
Give me a whisper or give a shout  
Clue me in, I'll work it out  
I'll never break down, I'm maintenance free  
And I come with a life time guarantee  
You just can't pass up this opportunity  
Don't hesitate 'cause if you want me  
For a song, you can have me, for a song

I belong to you (hand in hand together)  
I belong to you (love in two forever)  
You're the only song I need  
So let your heart sing, sing for me  
If you're serious then you can sample me  
I'm nearly yours but you know nothing comes for free  
You don't need money, you have security  
I'm sure you've got one somewhere, you can keep me  
For a song, you can have me, for a song
