Leroy, boy is that you?  
I thought your post-hangin' days were through  
Sunk-in eyes and full of sighs, tell no lies, you get wise  
I tell you now we're gonna pull you through  
There's only one thing left that we can do

We gotta get you a woman  
It's like nothin' else to make you feel sure you're alive  
We gotta get you a woman  
We better get walkin', we're wastin' time talkin' now

Leroy, boy you're my friend  
You say how and I'll say when  
Come and meet me down the street  
Take a seat, it's my treat  
You may not ever get this chance again  
That empty feeling's just about to end

We gotta get you a woman  
It's like nothin' else to make you feel sure you're alive  
We gotta get you a woman  
We better get walkin', we're wastin' time talkin' now

Talkin' 'bout life and what it means to you  
It don't mean nothin' if it don't run through  
I got one thing to say, you know it's true  
You got to find some time to get this thing together  
'cause

We gotta get you a woman  
It's like nothin' else to make you feel sure you're alive  
We gotta get you a woman  
We better get walkin', we're wastin' time talkin' now

Talkin' 'bout things about that special one  
They may be stupid but they sure are fun  
I'll give it to you while we're on the run  
Because we ain't got time to get this thing together,  
'cause

We got to get together with a woman who has been  
around

One who knows better than to let you down  
Let's hope there's still one left in this whole town  
And that she'll take some time to get this thing  
together, 'cause  
Get this thing together, 'cause

We gotta get you a woman, we gotta get you a woman  
We gotta get you a woman  
And when we're through with you, we'll get me one too
