Hey baby, you're on a subliminal trip to nowhere
You better get your trip together
Before you step in here with us

Full moon tonight, everything's alright
Baby, come on back to Wolfman Jack
If you want yourself a day man, well, I don't mind
You just ditch him when the sun goes down

'Cause the moon shines bright and everything's alright
When the Wolfman, he creeps into town

Now you maybe want a man who throws round his
money
But he ain't as cools a Wolfman Jack
And you might want yourself a man who don't act so
funny
But he ain't your fool like Wolfman Jack

I don't mean to treat you evil
I'm just a good boy gone bad
But if I catch you after dark walking through the park
I'm just liable to do something mad

You maybe think you know what love is about girl
But it's nothing till it's Wolfman Jack
And everybody knows, you go 'round and shout it
That your only thrill is Wolfman Jack

Full moon tonight, everything's alright
Baby, come back to Wolfman Jack
I may miss your loving while I'm on my back
But you can't escape from Wolfman Jack
You can't do this to me

Full moon tonight, everything's alright
Baby, come back to Wolfman Jack

Look me in the eyes, baby, now you cut that jive
You know the Wolfman's just about the number one cat
alive
You got my great big eyes spinning 'round in my head

How could you love another man instead?

Full moon tonight, everything's alright
Baby, come back to Wolfman Jack
I may miss your loving while I'm on my back
Baby, come back to Wolfman Jack

Full moon tonight, everything's alright
Baby, come back to Wolfman Jack
Full moon tonight, everything's alright
Baby, come back to Wolfman Jack
