My head hurts, my back too  
Nervous breakdowns, already had two  
Phone bill way past due  
And all I got to eat's chicken katsu  
Feeling kinda like a fat dude  
My day's just a movie that I sat through  
Meaningless sequence of snafus  
Got no cash and an ass bruise  
Wish I was more like an Ashley or a Lindsay  
I mean actually maybe Deborah or Elizabeth  
Life's a motherfucking bitch, isn't it?  
Yeah it's fun to be carefree  
Til you're clinging to the edge just barely  
I have less sex than a mathlete  
Wanna know the deal don't ask me

Last night I called the doctor and he said to me  
No matter what you try to do you're gonna die  
eventually  
Tears inside my eyes I said I'm scared to fade to black  
He replied girl once you see the light there ain't no  
turning back

All these folks telling me I'm about to be something big  
But you see joke's on them  
Sitting in a board room hella bored  
Can't hear a thing though my amp's on ten  
Mind in a permanent state of flux mental double dutch  
Had a bag of cheetos ate em up  
3pm and I'm still waking up  
Wishing I could save myself, but I'm not brave enough  
Sick of all these handshakes  
Before I know it every morning bran flakes  
How much bullshit can a man take til she finally  
breaks?  
The difference between getting what you want  
And what they want is nuanced  
So listen baby girl put your boots on  
Here's something to chew on  
In the end we might go to hell or we might go to heaven  
So you might as well cut it out with crisis of faith

Feeling crushed in the dome like a vice to the face  
And you might just escape all the time that you wasted  
If you stuck to the basics  
Get a grip, buckle up  
Take a pill, what the fuck

Last night I called the doctor and he said to me  
No matter what you try to do you're gonna die  
eventually  
Tears inside my eyes I said I'm scared to fade to black  
He replied girl once you see the light there ain't no  
turning back
