You are the worst news that I have ever heard  
You lie so confidently  
I'll sit and listen but I won't believe a word  
You'll never get the best of me

Your boy collection waits, patiently and nice  
You love them so transparently  
I'll let you stay here but remember this advice  
You met your match when you met me

If you think your jaded now  
Wait till you see the rest of me  
Come over here tonight  
And I will let you treat me like the victim I'm not gonna  
be

You called this morning and you said that you were  
home  
My phone has caller ID  
Girl I don't care if your together or alone  
You'll never get the best of me

If you think your jaded now  
Wait till you've seen the rest of me  
Come over here tonight  
And I will let you treat me like the victim I'm not gonna  
be

I see right through you, I see right through you  
Your victim I'm not going be, oh

You are the worst news that I have ever heard  
You lie so confidently  
I'll sit and listen but I won't believe a word  
You'll never get the best of me

You'll never get the best of me  
You'll never get the best of me  
You'll never get the best of me
