[Verse 2 - Christina]

Off top, fuck it I show up at ya block and see

Wit about fifty glocks

And I pop, pop, pop out my pretty pink drop

Lil shop pumpin rocks up in the parkin lot

Pull up in the light, with a coupe

With a bag, matchin my boots

I ain't here to be cute, I'm here to bring the truth

But I gotta letcha bitches know exactly how I do  
I know bitches be like, "she can't really fight  
Ain't no ghetto in her", till I put the medal in her  
Take her, out of her misery, out of her hell, fuck

Didn't a nigga like to tell ya dead sonny, hundred

Off that bottle, I'm bad and I'm nervous

Everybody in the project know who choppin and who

Cross the court, niggas whisperin and they nervous  
Step up comin home, pop a bottle, and cook a birdy

Don't get it twisted, it's Cash Money real estate  
Platinum bullets, let his family see his fuckin face
