If I be so inclined to climb up beside you
would you tell me that the time just isn't right?
And if should I ever find the key you hide so well,
will you tell me that I can spend the night?

Leaving your smell on my coat
Leaving your taste on my shoulder
I still fail to understand what it is about this woman
Yeah, Oh Woah, woah woah

If I could bottle up the chills you give me,
I would keep them in a jar next to my bed.
And if I should ever draw a picture of a woman,
it is you that would come flowing from my pen, yeah

Leaving your clothes on the floor
Making me walk out the door and
I still fail to understand what it is about this woman

Oooo, oh

I still fail to understand what it is about this woman

Helplessly melting as I stand next to the sun
and as she burns me, I am screaming out for more.
Drink every drop of liquid heat that I've become,
pop me open spit me out onto the floor.

Leaving her smell on my coat
Leaving her taste on my shoulder
I still fail to understand, fail to understand
Leaving her smell on my coat
Leaving her taste on my shoulder
I still fail to understand, what it is about this woman

Yeah
