You know you're just like them other ten,
A faded fight between you and I
I'd rather hope than make you sad and cry
What I just wanna say is
Keep the faith but fate never is moving us
It can't take us, it doesn't make different cases
So turn the light out, interact with a piece of dream
Sound brighter, we all want the same sound
Keep the tears, I told you how I'm your freedom, like
a
bird going through the sky
What are we, just a Christmas tree in the night?
