Sometimes, I think  
something's wrong with me  
because I was never one to believe  
in anyone or anything  
it's always been just me.  
and y'know they've always had big plans for you  
just to walk you through and cloud your views  
and I'll never say that everything's O.K.  
and you don't want to say that you're giving up right  
now  
so hold your ground  
don't give up in what you believe  
why be different  
when you can't be yourself  
sometimes I think  
something's wrong with me  
because I was never one to believe  
in anyone or anything.  
and I don't want to say I'll ever change  
because things always change
