I'm sleeping and right in the middle of a good dream

When all at once I wake up

From something that keeps knocking at my brain

Before I go insane

I hold my pillow to my head and spring up in my bed

Screaming out the words I dread,

I think I love you

This morning I woke up with this feeling

I didn't know how to deal with

And so I just decided to myself I'd hide it to myself

And never talk about it

And didn't I go and shout it when you walked into the room,

I think I love you

I think I love you so what am I so afraid of?

I'm afraid that I'm not sure of

A love there is no cure for.

I think I love you

Isn't that what life is made of?

Though it worries me to say that I've never felt this way.

Believe me, you really don't have to worry

I only want to make you happy,

And if you say, "Hey go away" I will, but I think better still,

I better stay around and love till you think I have a case

Let me ask you to your face, "Do you think you love me?"

I think I love you

I think I love you so what am I so afraid of?

I'm afraid that I'm not sure of

A love there is no cure for.

I think I love you

Isn't that what life is made of?

Though it worries me to say that I've never felt this way.

I don't know what I'm up against. I don't know what it's all about.

I got so much to think about, YEAH

I think I love you

I think I love you so what am I so afraid of?

I'm afraid that I'm not sure of

A love there is no cure for.

DO you think you love me?

I think I love you

I think I love you
