Have you ever felt that something,

you know that something that keeps you sane?

and you can't explain why

But you know it's what's left inside you

and I know that it's that something

you know that something that keeps me sane

and I can't explain why when it's all I have I have left to hold onto

And when I say It's everything

from my highest hopes to my dumbest schemes

you'll never know what it means to me.

I'm just a reason away, from that something that keeps me sane
