She's gonna break soon
With so many problems in her life
It really comes as no surprise
She's gonna break soon
She's gonna break

Welcome to her busy, dizzy life
Of going out and getting high
And following all the latest trends
While shedding all her oldest friends
It's been weeks worth of weekend
When fake ID's and fake passions
Are her best friends

She's gonna break soon
With so many problems in her life
It really comes as no surprise
She's gonna break soon
She's gonna break

She's been thinking, wishing she could hide
From the girls with the comments passing by
It's the boys and bars on Friday night
That replace the emptiness inside
She'll be spending her whole weekend
Faking laughs and faking smiles
With her fake friends

She's gonna break soon
With so many problems in her life
It really comes as no surprise
She's gonna break soon
She's gonna break

The promises you made back home
Are crumbled like the goodbye notes
And last night's dirty clothes
Are on the floor next to the phone
It's been disconnected months ago
No calls from your friends back home
You lost your point of view

Now it's got the best of you

She's gonna break soon
With so many problems in her life
It really comes as no surprise
She's gonna break soon
She's gonna break
