I was young I was just a boy when you told me dreams  
really do

Come true, but I wanted something different, I always  
wanted something  
Different then this.

Now we're grown and I've found out that what you  
Want you've gotta take for yourself, but I search in the  
wrong places, I always  
Search in the wrong places for them.

Speak loud but you never wanna listen, scream out for  
everything I'm missin'  
You want it all but you never wanna work for it. And love  
is just a lyric we all sing along too  
Bite your tongue, do as you are told  
We'll make it easier for you to write this down  
While time is running out, why won't you say it

This sort of thing it happens all the time, so you close  
your eyes  
Pretend that things are fine, just like everything is  
perfect. yeah, just  
Like everything is perfect. Just like, it's a cage and I'm  
on my own and I  
Thank the lord I wound up alone because it makes me  
sick to see this, It really  
Makes me sick to see you like this.

Speak loud but you never wanna listen, scream out for  
everything I'm missin'  
You want it all but you never wanna work for it  
.And love is just a lyric we all sing along too  
Bite your tongue, do as you are told  
We'll make it easier for you to write this down  
While time is running out, why won't you say it

Call it what you like but just leave it out of it, this new  
Change is for yourself, so take back what said, your  
Not fooling anyone, your new life will find us well, when  
Your all by yourself, it's too late.

And love is just a lyric we all sing along too  
Bite your tongue, do as you are told  
We'll make it easier for you to write this down  
While time is running out, why won't you say it [x2]
