Iâ€™ve gotten used to facing cynics, but they never see
me break.

Iâ€™ve been branded and been used, but baby, donâ€™t
make a mistake

Donâ€™t underestimate me, no.

â€™Cause I think Iâ€™ve got what youâ€™re looking for, put a
little

Of your faith in me, I wonâ€™t let myself let you down.

Iâ€™ve heard

Every word that your mother says, sheâ€™s right on all
accounts but

One, Iâ€™m right for you as rain.

Youâ€™ve probably heard the worst about me, but only
Iâ€™m sure

Of the truth. Never told you that Iâ€™m cursed, canâ€™t
save me. Iâ€™ve found

The only guard, thatâ€™s ever helped me before in you.

And think Iâ€™ve got what youâ€™re looking for, put a little
Of your faith in me, I wonâ€™t let myself let you down.

Iâ€™ve heard

Every word that your mother says, sheâ€™s right on all
accounts but

One, Iâ€™m right for you as rain.

In the way, you breathe colour into my world.

My snowflake I love to watch you spin and twirl

â€™Cause I think Iâ€™ve got what youâ€™re looking for, put a
little

Of your faith in me, I wonâ€™t let myself let you down

[x2]

Iâ€™ve heard every word that your mother says, sheâ€™s
right on all accounts but

One, Iâ€™m right for you as rain.
