It's about time to set the record straight.
Clear the air, forget all that you heard.
Turn deaf ears to words that they all say.
I'll show you all you ought to know.

[Chorus]

What you see is what you get.
Stop reading between the lines.
You won't like what you'll find.
You haven't seen nothing yet.
The best is yet to come.
You're not through until I'm done.

You're holding the past against me,
when you should be holding me to my word.
Why don't you find out for yourself now, girl?
I'll prove to you all that I'm worth.

[Chorus]

I'll try, try to make you see
that all these questions that you're asking of me,
are star, starting to break me down,
pushing me close, and closer and closer to the edge.
You're force, you're forcing me overboard.
And if I'm going down I'm taking you with me.
Taking you with me.

[Chorus]

If I'm going down,
then I'm taking you with me.
