You wrap me in your eyes
That's just where I wanna be
I melt your thoughts together
And show me what you think of me
Seems that both of you thinking of
Would it be like making love
Offering each others best tonight
So give me one more smile
Let it shine some light upon my soul
And girl it's been a while
Since I've had a chance to feel this whole
Whatever peace you offer
Is peace I've come to find
Girl I've done all I can do
Sitting here staring at you
Think it's time I've said what's on my mind
I wanna hold you tonight
Girl that's all I want to do
Feel you tonight
Each and every part of you
If I move you just right
Find a brand new point of view
Looking in your eyes
As I hold you tonight
Glasses full of red
Laughter full of honesty
And I'll remember every word you said
As I paint my mind in memories
If only for this moment
If only for tonight
Making love
I think I've had all I can stand
Avoiding what my heart demands
I think it's time I gave into this vibe
I gotta hold you tonight
Girl that's all I want to do
Feel you tonight
Each and every part of you
If I move you just right
Find a brand new point of view
Looking in your eyes

As I hold you tonight
Hold you tonight
Hold you tonight baby oh
Gotta hold you tonight
Girl that's all I want to do
Feel you tonight
Kissing every part of you
If I move you just right
Find a brand new point of view
Looking in your eyes
Seem that both of you thinking of
Would it be like making love
Offering each others' best
Tonight
