Consider the kindness of a stranger
That passes by your way
For there are ties that bind us
Together, forever

Touching the broken-hearted friend
Brings healing to the soul within
There's evidence everywhere
Of His love, sweet love

God is all around us
Even when we feel we're all alone
I can hear Him whispering my name
Telling me that I'm His own
God is all around us
Even when we feel all hope is gone

God is all around
God is all around

There're so many lessons yet to learn
And I don't know where the road will turn
He always finds a way
To guide me, remind me

That if I should fall into the night
He will be there, a shining light
For all the world to see
With open arms for you and me

God is all around us
Even when we feel we're all alone
I can hear Him whispering my name
Telling me that I'm His own, yeah
God is all around us
Even when we feel all hope is gone, yeah

God is all around
Hell hear your prayers
If you just reach out
He's everywhere
God is everywhere

God is all around us
When you feel all alone
Can't you hear Him whispering your name?
Telling you that you're His own
God is all around us

For God is all around
God is all around
