We all get weary, we all need someone else  
To help us carry what we cannot carry by ourselves  
We all get lonely Sometimes we all could use a hand  
Somebody to lean on  
Someone that will understand  
Please don't run away  
Don't try to prove you're strong  
This is what we have each other for  
Let me be love to you  
And pray with you till the peace of God surrounds your  
heart again  
Let me be love to you  
I will share your burdens, dry your tears  
Stand beside you through your fears  
I want to do what Jesus would do  
Would you let me love  
We all are broken  
We all need to be healed  
And through each other God shows us his love is real  
Please don't be afraid  
Don't ever be ashamed  
This is what we need each other for  
Let me be love to you  
Pray with you till the peace of God surrounds your heart  
again  
Let me be love to you I will share your burdens dry your  
tears  
Stand beside you through you fears  
I want to do what Jesus would do  
Wont you let me be love  
I can catch you if you fall  
And I can hold you if you cry  
Let me be the face of mercy  
Let me be love to you  
And pray with you will the peace of God surrounds your  
heart again  
Let me be love to you I will share your burdens dry your  
tears  
Stand beside you through your fears  
I want to do what Jesus would do  
Wont you let me love?
