You try to say there's nothing wrong
But my heart can feel right through your camouflage
Don't try to tell me you'll be strong
I've been there too, I know this road is hard, oh yeah

When the ache feels stronger
Than the strength you feel inside
It's there when your weakness
His grace will abide

Just let me send down a prayer
A cry for help to Heaven from me
Just let me send down a prayer
Speak hope into despair for you
Let me send down a prayer for you

We're here to help each other
Weather these storms together in the name of love, oh
yes
That's what friends are all about
Here to help each other out
When the push comes to shove, oh

I'll pray you through anything you may face
Don't worry about a thing 'cuz I'll plead your case

Just let me send down a prayer
A cry for help to Heaven from me
Just let me send down a prayer
Speak hope into despair for you

No need to worry 'cuz I'm in your corner
No matter how the road may turn, ooh yeah

I'll pray you through anything you may face
Don't worry about a thing 'cuz I'll plead your case

Send down a prayer
A cry for help to Heaven from me
Just let me send down a prayer
A cry for help to Heaven from me
Send down a prayer for you

Send down a prayer for you

Send down a prayer for you
A prayer for you, yeah
Send down a prayer for you
A prayer

Send down a prayer for you
Send down a prayer, oh
Send down a prayer for you
Send down a prayer
Send down a prayer for you
Send down a prayer
