Don't know,

Don't care,

Im just a teenager.

Don't care,

Won't try,

I'll be happy when I die.

Cant see,

I'm blind,

Media has closed my eyes.

But I,

Don't Care,

Im just a teenager

Chorus:

I'm not even a product of a company,

I'm their toxic waste.

I should stop whining though 'cause if I cared,

Things would change.

My opinion,

Doesn't matter,

Cause I'm not at the top of the ladder

And I,

Don't like it,

But it's uncool to give a sh*t.

I can't,

Stand it,

So listen to me and read my lips.

I'll scream,

So loud,

Listen to me when I yell.
