I am really fuckin useless
but not the kind you meet everyday
I really have no purpose
and I just get in the way
I now now have nothing to do
and nothing seems to fit
this is all I have to live for
pretty shity isnt it

Chorus:

I just realized that im fuckin useless
and my worlds crashing down on me
I tried to play it your way
But i just got fucked again
I cant fight it much longer
Doing nothing at all like this
I tried to shoot for my goal
but all I did was miss
I'll die a lonely death
but it'll make me happier
If i dont end it soon
I'll just go crazier
