Still wandering
Keeping my sanity
But they won't let me dream to live or live to dream

I'm still envisioning I'm singing to a herd of thousands
Soul searching for the few things that will make life all right
Pointless persecution, interrogate the hype
Pretending I'm respecting who I secretly fight

One one, one one to the right
Push me to the side
Two minutes to decide what I'm say tonight
One one, one one to the right
Push me to the side
Two minutes to decide what I'm going to do with my life

Replacing ideals that would break trust down
I'm the king of apathy don't care to wear your crown
Brain children, the lemming, they suffocate my rise
Standing on hilltops, smiling, watching me breakdown

One one, one one to the right
Push me to the side
Two minutes to decide what I'm say tonight
One one, one one to the right
Push me to the side
Two minutes to decide what I'm going to do with my life

Spent all my time on popularity and I accept my duality
But I'm growing out of it
Growing out of it
Growing out of it
Growing out of it...

One one, one one to the right
Push me to the side
Two minutes to decide what I'm say tonight
One one, one one to the right
Push me to the side
Two minutes to decide what I'm going to do with my life

One one, one one to the right
Push me to the side
Two minutes to decide what I'm say tonight
One one, one one to the right
Push me to the side
Two minutes to decide what I'm going to do with my life
