Yeah!
You're ass free as a bird
Open your wings and fly, girl!
Oh no, no,
No I won't hold you back
No, I won't hold you back
No, just ride out!
Cause I know you're in now
It's not hard to think around
So let me break you down
With two words that show my frame of mind, girl

Chorus:
Blow out!
I said blow out now!
I said blow out now!

You said those three little words
But you're not even worthy of my time, thou, oh no!
As you leave the circle,
I will ..and turn around now!
Cause I know you're in now
It's not hard t think about
So let me break it down
With two words that show my frame of mind, girl!

Chorus: (x2)
Blow out!
I said blow out now!
I said blow out now!
Blow out, blow out now!
Blow out, blow out now!
