"All You Need"

Boom boom (yeah, yeah)
Boom boom (oh woah oh, oh)
If I could start from the beginning
I would make our love forever, never end
I'd shout out love from every edge of the earth
I'm so proud that you made yours for me
Yes, I am
If I could reach into the future
I would capture all the pain And make you feel good
Jump from the top of Mt Everest
And land in your arms
Baby, I'll be thankful
You hold my life in your hands
Keep me close to your heart
'Coz I'll help it beat
Be your everything, let me be all you need
Your love, my love was meant to be
No one else can keep the beat steady
Baby, I'm all you need
If I could walk on top of water
There would be no place I'd be without you
And if I'd sunk right to the bottom
I would hold my breathe till the day I see you
Yes, I would
Build a pyramid with blood and tears
Just for you
Sprint across the desert, baby
Without no shoes on
Jump right into a volcano I would for your love

And stay there burning for you
Keep me close to your heart
'Coz I'll help it beat
Be your everything, let me be all you need
Your love, my love was meant to be
No one else can keep the beat steady
Baby, I'm all you need
I'll be your life support and keep you alive
No need to worry, I'll be right by your side
Lean on me, rock with me
Come and get lost with me

I'll be the small things
You can hold in your hand
Keep me close to your heart
'Coz I'll help it beat
Be your everything, let me be all you need
Your love, my love was meant to be
No one else can keep the beat steady
Keep me close to your heart
'Coz I'll help it beat
Be your everything, let me be all you need
Your love, my love was meant to be
No one else can keep the beat steady
Baby I'm all you need
Keep me close to your heart
'Coz I'll help it beat
Be your everything, let me be all you need
Your love, my love was meant to be
No one else can keep the beat steady
