I'll be here  
When the lights go down  
And there's nothing left to see  
I'll be here  
When the shadows die  
And there's nothing left to fear

When the lights go down  
And the shadows die  
You know I'll be around  
I'll wait for you  
Will you watch for me  
In the stillness of the sound

I'll be here  
When the dust has died  
When the ground has turned to stone  
I'll be here  
In that silent night  
In the stillness of the ruins

In that windswept night  
In that golden light  
Don't let it fade to black  
When the curtain fall  
Has left us all  
Standing in the back  
When the lights go down  
And the shadows die  
You know I'll be around  
And I'll wait for you  
Will you watch for me  
In the stillness of the sound

I'll be here  
When the lights go down  
And the shadows die  
I'll be here  
With you among the ruins

In that windswept night

In the golden light  
Don't let it fade to black  
When the curtain fall  
Has left us all  
Standing in the back  
When the lights go down  
And the shadows die  
You know I'll be around  
I'll Wait for you  
Will you watch for me  
In the stillness of the sound  
Oh---I'll be here  
Oh---I'll be here
