Refrain:

Why did you hurt me  
now I'm crying here all alone  
why did you hurt me  
I don't wanna lose you

Strophe1:

Why did you go  
To bed with that other guy  
I thought you loved me  
But now you broke the relationship  
I can't trust you anymore  
But you are still my wife  
I can't believe that I still love you  
Since you slept with that other guy

Refrain:

Strophe2:

I don't wanna see you anymore  
Until I say you may see me  
Have you thought about the kids  
They're asking me what happened  
I wanna say the thought to them  
But even I can't handle it  
I just can't say what happened to us  
Cause it's too hard to say to them

Refrain:

Strophe3:

Now that I thought about it  
I think I want a divorce  
Cause every time I look at you  
I think of what happened the last time  
Why can't we be friends forever  
After all we've been 4 years together  
But now it's time  
To say each other good bye

Refrain:

Why did you hurt me  
Now, I?m crying here al alone  
Why did you hurt me  
I did lost you after all
