Time to be what you  
Want to be  
And all the time in between  
When loneliness calls  
Do your thoughts turn back to me?  
But you go on searching for that  
Magic feeling and hope  
That is soon comes through  
But you believe what you  
Want to believe  
What your mind tells you is true  
And you know it's  
Not the way it is baby  
Not the way it is  
It's just the way it goes  
And your heart is at the wheel baby  
It knows when to steel  
But never when to let go  
And you know  
It's just the way it goes  
It gets harder  
As the nights get longer  
So you spend them with someone strange  
For protection but you know  
That it's never quite the same  
It always happens this way  
When your heart is at the wheel  
And the harder you say stop  
The harder she turns it on you  
Not the way it is baby  
Not the way it is  
It's just the way it goes  
Heart is at the wheel baby  
It knows when to steal  
But never when to let go  
And you know  
It's just the way it goes  
Yes you know  
It's just the way it goes  
Don't you know  
Get a little iron in the soul  
Know when to let go

Don't you know  
Get a little iron in the soul  
Know when to let go  
Yes it's not the way  
Well it's just the way it goes  
Not the way...  
Well it's just the way it goes...  
Don't give it up
