

Tom Cochrane "Message"

The message is faint, but it's coming in clear
Meet by the lake far away from here
The place we'd meet, way back when
Hearts as one
Can you show me how it feels again
Where the moon rises up again
Shining down on your hot white skin
And you know it
Can you reach it

Feeling good like we just don't care
Feeling fine with the moon in your hair
Moon's up down on outlet beach
Something's wild wild wild and there's nothing
We can't reach
Rise up, rise up again
Rise up, rise up again
Come on

Rise up, rise up again
Like a bird with it's wing that's on the mend
I see you like I did back then
So bloody proud with your hands not shaking
Rage against the falling light
The desire is strong and the love is right
And you know it
And you reach it
And you know it
And you reach it

The music's up, the music's loud
A hot night's calling and we're feeling proud
Moon's up down on outlet beach
Something's wild wild wild and there's nothing
We can't reach
Rise up, rise up again
Rise up, rise up again
Come on

Feeling good feeling fair feeling fine like we just
Don't care
And the music's up, the music's loud

A hot night's calling and we're feeling proud
Feeling good like we just don't care
Feeling fine with the moon in your hair
Moon's up down on outlet beach
Something's wild wild wild and there's nothing
We can't reach
