Another place in another time  
I'd know that face anywhere  
Without a trace and without a sign  
Anytime you could come to me  
In the night  
When you thought  
No one should have known  
With your hard luck little girl look  
And the trouble that you'd own  
You'd come like the wind  
When the night got so cold  
And leave with the light  
Like you didn't even know you'd  
Come at all  
CHORUS  
One more time  
You could walk back in  
One more time  
It's the same south highway again  
One less chance and then one less mistake  
Some old habits are hard to break  
Like you  
If a heart could ever learn to say goodbye  
And not let time take the best away  
Still I Learn  
Look down and I'd ask knowing why  
Still this time is the destiny  
I'd wait while you climb your golden stair  
Hard luck then little girl  
I know it's nowhere  
Still you feel  
They beat on you like a drum  
If you get tired, torn and wasted  
You know I'd never be one  
CHORUS  
So many times  
When it gets hard to  
See the truth  
When you got to survive you  
Tow the line and you compromise  
Until you live a lie  
Another place in another time

I'd know that face anywhere and I  
Without a trace and without a sign  
I still remember  
CHORUS (twice)
