Stand too close  
I can feel her pull me in  
All the time here waiting  
Has been wasted in the wind  
Adjusted to your way  
And the corner of your stare  
You can only stand so close to it  
Before you see love isn't there  
And there is

CHORUS:

Just one way out  
Your heart can't see but your mind concedes  
Just one way out  
Just one way out  
But you don't want to go alone  
Just one way out

Here we go again  
Should of had it down by now  
But you never know why or when  
Or where this could lead  
So you open the door  
Stand out proud  
Brave the new frontier  
I knew you could if you only tried  
Walk away from these dark tears  
And there is

CHORUS:

Just one way out  
Your heart can't see but your mind concedes  
Just one way out  
Rugged lovers never learn how to bleed  
Just one way out  
But you don't want to go alone  
Just one way out  
Oh I'm missing you  
The change will do you good  
Oh I'm missing you  
Though I never thought I would  
Oh the distance here

Here in my head  
Oh the darkness lies  
In the words we said

Thinking I could love you  
I can feel her pull me in  
All the time here waiting  
Has been wasted in the wind  
So open the door  
Stand out proud  
Brave the new frontier  
I knew you could if you only tried  
Walk away from these dark tears  
And there is

CHORUS:

Just one way out  
Your heart can't see but your mind concedes  
Just one way out  
Rugged lovers never learn how to bleed  
Just one way out  
But you don't want to go alone  
Just one way out  
You don't want to go alone  
But you don't want to go alone  
No you don't want to go alone  
You don't to go alone
