[Ghostface Killah - talking]  
Yeah .. uh huh  
What up girl, yeah  
I hear all that  
That's real nice and all that  
It's been, it been good though  
Cause it's been a year  
It been real good  
Cause it been so good  
In the summertime all over again  
Tell me somethin

[Beyonce]  
Out of all the guys that approach me  
Walking up to me like they know me  
You were the one that stayed aside  
Waited a while and took your time  
You don't know how impressing  
Your curiosity was to me  
It was the fourth day of July  
Looked in my eyes and saw that I

[Break - Beyonce] - w/ ad libs  
I wanted more than just a man (man)  
I needed a friend (I want a friend)  
Someone I can talk to  
Someone who'll really listen  
When you touched my hand  
The sun got brighter then  
Trusting you I close my eyes  
And felt our love begin

[Chorus - Beyonce]  
It was the summertime (when we fell in love)  
It was the summertime (when heaven shined on us)  
It was the summertime (baby there is nothing like the)  
Summertime, summertime

[Beyonce]  
Now it's been a year and we're closer  
Fall in love again when I hold ya

I know that God set you aside  
For me and now, you are my prize  
Wanna grow old with ya  
Fill our house with your pictures  
Have a son for you  
A little girl for me  
Together we'll raise a family

[Break] - w/ ad libs

[Ghostface Killah - talking behind Break]  
I wanna understand everything you talk about baby  
That's my word, cause I feel the same way  
You know what I mean?  
I've been feelin this way for a long time too  
And a .. it's like I wanna be a daddy  
I wanna be your lover  
Your everything, I just wanna share life with you  
Just like yo  
That's why I tell you I love you

[Ghostface Killah]  
I use to sit back and analyze on how we first met  
A year ago on the barbershop steps  
You and your friends walked past me  
I called you back like "come here sexy have a word with  
you yet, please?"  
Congratulations on bein my gift  
God wrapped you up tight and he preserved my wish  
I'm not a psychic it's just that I'm in tune with such  
I swear the vibes got heavy when we got real close  
My whole demeanor caused me to ask questions and  
stare at you strangely  
Have I found my baby?  
If so then tell me now  
Look like you was 'bout to say somethin, you just broke  
a smile  
Gave you the number and I said I'd dial (yeah)  
A year later we on the block like "bow"  
Tell me somethin, is it me or we up to somethin?  
Love to love ya, your my friend and my woman

[Chorus]

[Ghostface Killah - talking]  
This is Theodore, that's right  
I keep hearin this all in my head over and over  
I can't get it out, it's crazy  
You know what I'm sayin baby  
This joint is real, I like that  
Tell me somethin

[Chorus]
