Pull me close look into my eyes smile at me when you
stick in the knife
We're bleeding into a cup when we've got enough we'll
just paint the walls
And we don't care how much it hurts you think you're
cursed it's what you
deserve

Cos you're talking rock and roll walking karaoke soul
I can see you desperate to please let me treat you for
your disease

Between angels and ropes babe what would you
chose?
As you kick the dust from your perfect shoes
Your wolf suit is wearing thin and your real skin looks
like it never bleeds
And you're playing to the crowd as the ship goes down
comforting me

And you're talking rock and roll walking karaoke soul
If you see me falling sleep please don't wake me from
this dream
Yeah you're talking rock and roll walking karaoke soul
If you see me falling asleep please don't wake me from
this dream

Yeah you're talking rock and roll walking karaoke soul
I can see you desperate to please let me treat you for
your disease

(faith is gone and love is gone and fear is stronger
now...)
